Transforming Awareness into Action: Advanced Cross-Sector Frameworks for Sex Trafficking Response

Breaking Free delivers pedagogy-backed, highly interactive professional development designed to move organizations beyond passive awareness toward actionable systems change. Our training suite equips frontline professionals and leadership with practical tools to recognize exploitation, eliminate institutional friction, and support long-term survivor stabilization.

The Core Curriculum

Sex Trafficking Basics & Response (1 Hour)

Foundational baseline covering modern definitions, subtle red flags, digital recruitment tactics, and safe referral protocols.

Advanced Interventions: Ethics, Boundaries, & Communication (2 Hours)

Includes the 1-hour foundational baseline plus a dedicated second hour focused on trauma-informed ethics, boundary setting, and autonomy-honoring communication.

Beyond Awareness: Advanced Practicum for Systems Professionals (3 Hours)

A high-impact, scenario-driven operational masterclass for law enforcement, legal counsel, healthcare, and administrators. Uses real-world case files, intake simulations, position-description matrices, and script-flipping labs to eliminate institutional friction, improve client retention, and streamline cross-sector warm handoffs.
